

Registering a Model Service Account

Registering a Model Service Account

1. Course Content
2. Alibaba Cloud Model Studio Account
 - 2.1 Alibaba Cloud Model Studio
3. OpenRouter Platform Account
 - 3.1 Registering an Account
 - 3.2 Creating an API

1. Course Content

- Register an account and obtain an API-KEY with model service providers using your own email or phone number to gain access to cloud model APIs.

2. Alibaba Cloud Model Studio Account

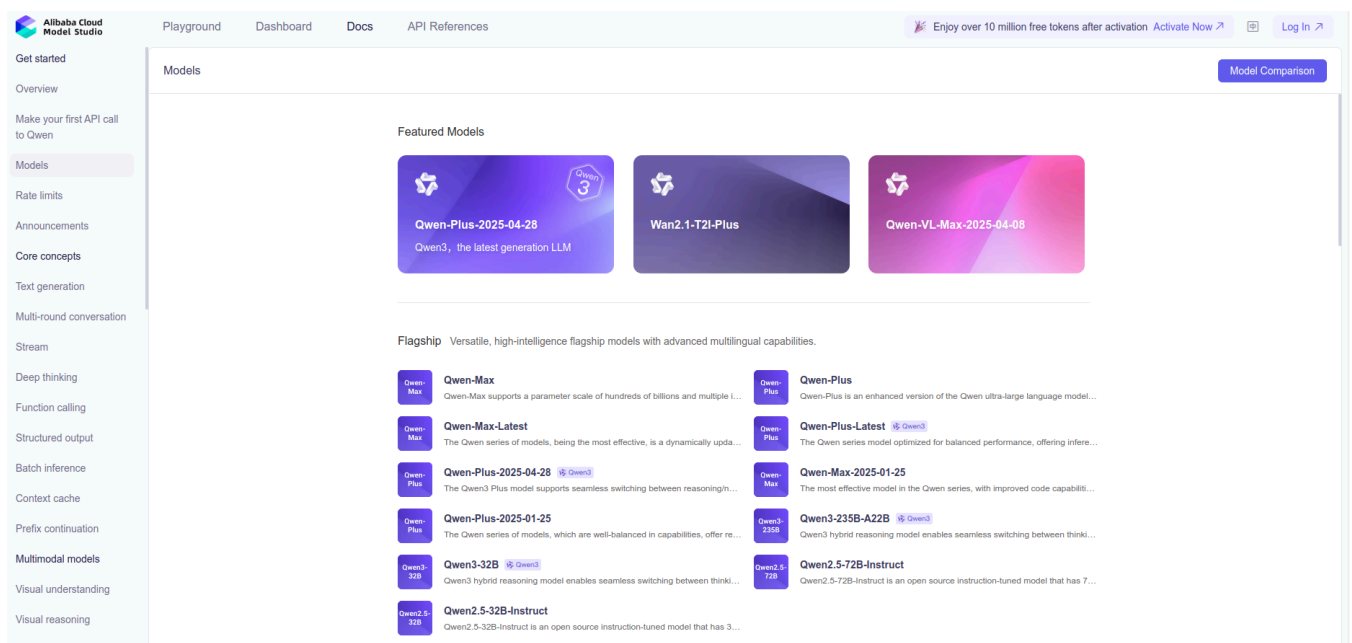

Note

Alibaba Cloud Bailian large models distinguish between the international site and the China domestic site. Users in mainland China need to register with a mainland phone number. International users should go to the Bailian large model international site to register.

2.1 Alibaba Cloud Model Studio

International site address: [ModelStudio Console](#)

- Click **Log in** to register an account.

- Select "Sign Up Now" to register.

3. OpenRouter Platform Account

Note

- OpenRouter provides many free model services, but there are access frequency limits and the understanding ability of free models varies greatly. To ensure a good experience, it is recommended to prioritize using Alibaba Bailian's model services. This section is only for reference for users who need to use OpenRouter services.

3.1 Registering an Account

Open the [openrouter](#) link, click the avatar in the upper-right corner to register an account using your email. The process is similar to the above, so it will not be elaborated here.

The Unified Interface For LLMs

Better **prices**, better **uptime**, no subscription.
